## Fullstack JavaScript Developer

---

### SUMMARY

Junior JavaScript Developer with development from scratch to deployment experience, including system designing and database architecture development and implementation of complex high loaded systems.

- 1+ year of experience in JavaScript
- Development web platforms based on React.js/Node.js
- Development of RESTful API's
- Database design and development

### SKILLS

- Programming languages JavaScript/TypeScript
- Strong knowledge HTML5/CSS/SCSS
- Front-end frameworks: React.js/Next.js/React-Native/Angular
- Back-end framework: Express.js/Nest.js
- Databases I worked with: Sqlite3 MongoDB MsSql PostgreSQ
- Control version service: Git
- Cloud-based service Amazon
- Tools for work: VSCode WebStorm Figma Postman AdobePS

### WORK EXPERIENCE

#### JavaScript Web Programmer

At the beginning of my career I have been starting to work like freelancer. Within all this time I have built many different simple and complex projects which includes:

- Developed client applications on the React.js.

- Developed servers on the Express.js.
- Create websites from scratch, database, server and front-end.
- Database design and development

Where used next technologies: React.js, Express.js, HTML/CSS/SCSS, Sqlite3, PostgreSQL, Postman, Figma, AWS, JWT Authorization.

### **Junior Node.js Support – “Evergreen” – full time**

I did my first internship at this company, mostly dealing with no-code issues, but also working with Node.js and PostgreSQL, I worked here for more than a month, we left on a good note, yes. I concluded that I wanted to write code more than work with low-code platforms

### **Junior React-Native CLI Developer – “InsertIT” – part-time**

- Developed apps from scratch with the React-Native CLI
- Setting up Firebase statistics
- Working with maps
- Making edits to sites

### **Junior React-Native Expo Developer – “Pinta Webware” – full time**

- Refactoring of legacy code
- Design and develop new modules
- Maintain existing code, fix bugs and add new functionality
- Worked with AR and 3D
- Supporting other members of team in completing tasks

## **Education**

[Zhytomyr State Technological University \(Ukraine\)](#)

2022 - now

[Computer Academy “ITStep” \(Ukraine\)](#)

2022 - 2025
